

☆☆☆ Special Opportunity to Increase Technology Skills ☆☆☆

APPLE Training

"The Apple Training was the best teacher development program that I've ever attended. Thank you so much for the opportunity. It was helpful in a number of ways – some predictable, others less so."

"After the Apple Training last year, I transformed the way that I teach. I am more excited to teach with technology, and have found it to be a wonderful way to impart difficult concepts to my students. ALL students are engaged when I use technology as a teaching tool, and as a way for them to express what they have learned."

Purpose: To increase the number of teachers who are knowledgeable about and comfortable with computer technology, thereby building district-wide tech capacity in a variety of ways

Who: Positive, energetic teachers who want to improve their technology skills

What: Apple Professional Development Program

When: There will be eight days of training total.
Substitutes for participants will be provided by the Districts
All-day training dates (8:00am – 3:30pm) are:

October 1-2, 2009 (Th-F)

November 19-20, 2009 (Th-F)

February 4-5, 2010 (Th-F)

March 4-5, 2010 (Th-F)

Where: Marin County Office of Education
1111 Las Gallinas Avenue
San Rafael, CA 94903

Why: All Districts need more teachers with advanced skills who use technology effectively with their students.

Expectation: All participants **must** have an APPLE laptop supplied by the District.
All those trained will help the district and schools achieve the goals of the 2008-11 technology plan and vision.
